

## Nomura Registers as a TNFD Early Adopter

**Tokyo, January 29, 2024**—Nomura Asset Management Co., Ltd. (NAM), the core company within the Investment Management Division of Nomura Group, announced that it adopted the disclosure recommendations published by the Taskforce on Nature-related Financial Disclosure (TNFD)<sup>1</sup> and has registered as a TNFD Adopter<sup>2</sup>.

NAM recognizes that issues related to natural capital are of particularly high importance, and also has specified them in the corporate ESG Statement since 2019. In addition to conducting regular surveys on natural capital-related data and regulatory trends relevant to investee companies, NAM evaluates both risks and opportunities through its engagement activities (constructive dialogue with companies) with a specific focus on natural capital sphere. NAM enhances its efforts in this thematic area, both as an institutional investor and business company, by reflecting these elements within investment decisions. In July 2023, NAM participated in the TNFD Forum<sup>3</sup> to gather the cutting-edge information whilst enhancing technical study work on natural capital. Our registration as a TNFD Adopter further strengthens our efforts in the field of natural capital.

NAM will continue to conduct analysis on natural capital in a qualitative and quantitative way, promote the efforts of investee companies through engagement activities, and contribute to the enhancement of long-term corporate value and sustainability of the society.
